

Welcome to Mrs. Hunt's NC Math 2 Honors Class

Email: shunt1@wcpss.net

<http://shuntlrhs.weebly.com>

Remind: Text @shunthm2 to 81010

Expectations:

1. Respect your teacher, your peers, & yourself.
2. Be prepared & on time for class each day.
3. Fully participate in class and group discussions and activities.
4. Be responsible for yourself.

Supplies

- 3-Ring Binder
- Loose-leaf paper
- No. 2 Pencils
- Graph Paper
- TI-83/84+ Calculator
- Highlighters
- Colored Pencils
- Index Cards (3"x5" or 4"x6")

Quarter Grades

Tests—65%
Quizzes—25%
Assignments—10%

Semester Grades

Quarter 1 – 40%
Quarter 2 – 40%
North Carolina Final Exam (NCFE) – 20%

Extra Help

SMART Lunch on Mondays
Personalization Time in class on Tuesdays

Other times will be posted and announced.

Welcome to Honors Math 2! I have high expectations for you all, and I want you to know that I am here to help you learn and succeed. Remember to set your goals high, begin practicing good study habits early, and never be afraid to ask questions. You, your classmates, and I are all a team, and we are in this together! I am very excited about this new semester and look forward to the many weeks to come! ☺

What is Math 2? This semester we will study the following main topics: Transformations, Parallel Lines, Similarity, Triangle Congruence, Quadratic Functions, Radicals & Rational Exponents, Rational Functions & Modeling Variation, Triangle Trigonometry, and Probability.

Students will build skills in *critical thinking, problem solving, leadership, and collaboration*. Students will work collaboratively to model mathematics in applicable situations.

Success in Honors Math 2: Much of this course is about critical thinking and synthesizing information. You will have to think and analyze, not just follow a memorized process. You must do your part on the studying end, ask questions in class and come for extra help if needed, and keep up with your grade online.

Assessments: One or more quizzes will be given during each unit. The purpose of a quiz is to assess your understanding at that point in time. You should use your quiz(zes) to help you prepare for your tests. Please make sure you are asking for clarification on material *prior* to test day. Keep in mind math typically builds on itself as the semester progresses, so it is important that you do your best on each unit so you will be prepared for the next one.

Homework: Completing homework and studying as you go are essential to your success in this class. Homework will be assigned nearly every night and late work will NOT be accepted. **Students are encouraged to keep a running study guide that they add to each night after the daily assignment is completed.** Further information on this will be discussed in class. Homework grades will be recorded daily on the HW Stamp Sheet, which will be collected at the end of each unit to be recorded in PowerSchool.

Stamp 100% 80% 50% or O will
be    written in
Code: 

Course Expectations: Students will be expected to check Google Classroom daily, turn in all assignments on time, and stay engaged and respectful during the entire class period. All LRHS policies and classroom expectations, including the policy regarding cell phones and electronic devices, are to be followed.

Any student who is absent should check online for missed assignments and should see me upon their return to school to schedule a time to make up missed assessments. Students who miss a test day (but were present for the lessons leading up to the test) should be prepared to take the test when they return.

Important Dates:

Q3 Interim Reports* – February 28

Q3 Report Cards – April 17

Q4 Interim Reports* – May 15

Q4 Report Cards – June 12 (or later)

*Student interim reports should be signed by a parent/guardian and turned in within 2 school days.

Academic Integrity: Cheating (the giving or receiving of any unauthorized assistance on academic work per WCPSS Board policy) will not be tolerated. Use of any cell phone or electronic device during a quiz or test session will be considered cheating. Cheating is subject to penalties outlined in the LRHS policy and will be referred to administration. Cheating on a test or quiz will result in the requirement of an alternate assignment and will allow a student to earn no more than a 59 on the assessment.

PowerSchool Grade Book: All grades will be recorded in the PowerSchool electronic gradebook. It is the students' responsibility to keep updated on their progress in the class. To gain access to PowerSchool, contact Student Services. Once assignments are graded and recorded they will be returned to students. I likely will not post any grades until the first unit is complete so that the average will not be skewed by empty categories.

Remind/Emailing the Teacher: I will use Remind to send out messages periodically to remind students and parents about upcoming assessments, due dates, and posted grades. To receive messages via text, text @shunthm2 to 81010. You can opt-out of messages at any time by replying, 'unsubscribe @shunthm2. Or to receive messages via email, send an email to shunthm2@mail.remind.com. To unsubscribe, reply with 'unsubscribe' in the subject line. **Remember that students who are emailing any teacher should do so from their WCPSS email account.**

Google Classroom Website: I will give each class the code to sign up for this in class, and every student should join their class period's site. Announcements, review keys, optional practice, etc will be posted here.

Weebly Public Website: I will post assignments and quiz and test dates on the Weebly site so parents and students can see them without being logged in to the Google Classroom site. Do be aware that posted assignments are subject to change, so students should listen carefully in class to update this list if necessary.

Go to: <http://shunthm2.weebly.com/nc-math-2-honors.html>

Technology: Lessons in class may include the use of laptops, graphing calculators, and iPads. Cell phones are sometimes used to enhance lessons, but they are not required. Students who do have them will be expected to follow the school's cell phone policy. Please review the WCPSS BYOD policies. It is imperative that every student has access to a TI – 83/84 graphing calculator and check my website regularly. It is expected that students use technology appropriately.

LRHS Handbook: Students are also expected to adhere to the policies and procedures in the school handbook, located at <http://www.wcpss.net/Page/13836>

Desired Donations *(In order of most needed)*

Colored Copy Paper, Tissues, AAA Batteries, Pencils, Plastic Rulers, Hand Sanitizer
